## bellows kit **EADB-V2-32-S10-100** Part number: 2828829

## **Data sheet**

| Feature                                 | Value                           |
|---|---------------------------------|
| Outside diameter                        | 57 mm                           |
| Size                                    | 32                              |
| Stroke range                            | 10 100 mm                       |
| Piston rod extension                    | 52 mm                           |
| Design                                  | Round                           |
| Assembly position                       | Any                             |
| Design structure                        | Bellows kit                     |
|   | with ducted exhaust air         |
| Corrosion resistance classification CRC | 3 - High corrosion stress       |
| Resistance to media                     | Dust                            |
|   | Chippings                       |
|   | Oils                            |
|   | Grease                          |
|   | Gasolines                       |
| Protection class                        | IP65                            |
|   | to IEC 60529                    |
| Ambient temperature                     | -10 80 °C                       |
| Moving mass                             | 46 g                            |
| Product weight                          | 116 g                           |
| Mounting type                           | slip-on                         |
|   | With threaded pin               |
| Pneumatic connection                    | G1/4                            |
| Materials note                          | Conforms to RoHS                |
| Material adapter components             | Wrought Aluminium alloy         |
|   | Anodised                        |
| Material seals                          | NBR                             |
| Material bellows                        | NBR                             |
| Material threaded pin                   | High alloy steel, non-corrosive |
